Introduction

Welcome to Championship Pony! Experience the excitement of competing in three exciting day events across six different countries. Can you test yourself in some of the toughest events worldwide?

Getting Started

Correctly insert the Game Card into your Nintendo DS™ system. Switch on the system. Press START at the title screen.

WARNING: Inserting a Game Card when the system is already on might result in damage to the Game Card.

How to Play

When you begin a new game of Championship Pony, you will be able to set up your character and pick a horse before you begin.

Once you have chosen a look for your character and picked your horse, Gerry, the instructor, will show you around the riding school and test your abilities in several simple training sessions.

Menu Navigation

All of the menus in Championship Pony can be navigated by using the Touch Screen on your Nintendo DS. Pressing the B Button while in any of the menus will return you to the previous menu.

Cross Country / Show Jumping

Place the Nintendo DS™ stylus over the blue cursor. Slide the Nintendo DS stylus in the direction you want to move. Double tap the Touch Screen to jump.

Action	Touch	Alternate
Move your horse forward or backward	Slide the blue control icon forwards or backwards	Press the + Control Pad Up or Down
Turn your Horse left or right	Slide the blue control icon to the left or right	Press the + Control Pad Left or Right
Make Your Horse jump an obstacle	Double tap the Touch Screen	L or R Button

Dressage

When competing in a Dressage event, Dressage Icons will appear in a specific sequence on the top screen. A selection of Dressage Buttons will then appear on the bottom screen. Use the Nintendo DS stylus to touch the buttons in the same order (top to bottom) before they disappear.

Pause Menu

At any time while in an event, press START to bring up the pause menu. From the pause menu, you can resume playing, restart an event, or quit back to the riding school at any time.

Riding School

Welcome to Championship Pony! From the Riding School main menu, you can enter events, look after your horse, or go to the stables shop.

- **Stables**—Choose accessories for your horse, dress your character, and look after your horse.
- **Shop**—Buy horses or accessories.
- **Pasture**—View your horses roaming the pasture.
- **Events**—Choose from Cross Country, Show Jumping, and Dressage events from 6 different nations.

The Stables

Tack Room

In the tack room, you can add any accessories bought from the shop to your horse. Change the color and style of your horse's bridle, saddle, hooves, and hair. Treat your horse to a new look using money earned by completing events.

Dressing

The Dressing menu allows you to customize the look of your character. Give your rider different hats, jackets, and jodhpurs. You can also change your character's hair color!

Caring

Look after your horse to increase its loyalty towards you. This important bond will allow you to perform better in all events as the understanding between you and your horse improves. There are different mini-games to play that will help to increase your horse's loyalty.

Training

When you start at the riding school, Gerry will use a simple training course to put you through your paces. Select the training option from the stables to repeat this section.

The Shop

When you first arrive at the Riding School, Gerry will give you a horse and some money to buy a bridle and a saddle. As you play through the events, you will earn prize money that allows you to either buy more accessories to treat your current horse, or purchase a completely new horse.

Your total amount of available money is shown on the top screen while you are in the shop. Touch the checkout icon next to the cash register to buy a horse / accessory. If the icon is faded, you do not have enough money to buy the selected horse.

Buying a Horse

When buying a new horse, there are two sets of icons displayed:

- The number of stars displayed shows how fast the horse is.
- The number of hearts displayed shows how loyal the horse is. Remember that a horse's loyalty can be increased at any time by playing one of the caring mini-games.

The price tag displayed next to the horse shows how much it will cost. Touch the checkout icon to confirm the purchase.

Buying Accessories

You can purchase four types of accessories for your horse:

Bridles

Saddles

Hoof Accessories

Mane Styles

The price tag displayed next to the accessory shows how much it will cost.

The Pasture

When you buy a new horse, it will be taken here. When you have several horses, you can choose which one you want to ride, stroke, or dress by touching them with your Nintendo DS stylus.

You can also check the speed and loyalty of your horse in the Pasture.

Events

Once you have completed your training, Gerry will instruct you to attempt your first event. You can choose from Cross Country, Show Jumping, and Dressage events from 6 different nations.

Cross Country events are a test of both riding and jumping skill. A great event to practice your all-around abilities.

Show Jumping is a pure test of jumping skill. This event really tests the trust that has been built up between the horse and its rider.

Dressage is a challenge of skill and control. The bond between horse and rider is incredibly important in this event, so make sure your horse's loyalty is as high as possible.

Once you have finished an event in third place or higher, your winner's trophy will be displayed by the event on the select screen. You must get a trophy in all three disciplines to complete an event and open up the next competition.
